## Work Experience

---

Deployment Specialist  
Enterprise Holdings – Weldon Springs, MO

Jan 2012 to Current

- Assigned part-time by management to help the Lightweight Tools team with troubleshooting, converting, and creating scripts. Working closely with a Senior Systems Engineer.
- Created multiple PowerShell scripts that our team uses on a daily basis. According to my logs I have saved our company thousands of work hours this year
- Balance a variety both support and project work ranging from small to Tier 1. Projects require coordination with a number of teams within and outside of the company

Marine Corps Network Specialist

Sep 2006 to Jun 2011

- Providing desktop support for end users
- Administering accounts via Active Directory
- Designing, implementing, and supporting stand-alone and client-server networks
- Configuring and administering network equipment such as switches, routers, hubs, share drives, servers, computers, and printers

## Education and Training

---

Bachelor of Science in Business Administration  
University of Phoenix — Saint Louis, MO, United States

2013

- Honor Graduate
- CompTIA A+ Certified
- Cisco Certified Network Associate (CCNA)
